

Spec Sheet

TexPrint® Green

“Eco Friendly”

Large Format Sublimation Paper

TexPrint®-Green -- 55gsm -- For Use With Water Based Sublimation Inks
 TexPrint®-Green “plus” -- 72gsm -- For Use With Water Based Sublimation Inks

Recommended use and applications  **ROLL TO ROLL TEXTILE PRINTING**

Custom Printed Textiles

Key Features of TexPrint® GREEN

- Made with fiber from 100% sustainable, managed forestry reserves
- Contains no bleaching agents
- Dimensional stability at high speed and heavy ink loads
- High transfer yield
- Less waste and disposal – 100% recyclable
- Longer rolls reduces waste and contributes to printing efficiencies

Epson – Roland – Mimaki – Mutoh
