

**TexStyles®**  
 Graphic Fabrics

**NatureSeries®**

*TexStyles® NatureSeries™ Soft Knit dye-sub fabric is a revolutionary new line of textiles made with cutting-edge sustainable technology - CiCLO® fibers. Fabrics made with CiCLO® fibers will help reduce ocean pollution and textile accumulation in landfills.*

*Perfect for frontlit digital imaging, soft signage, retail POS/POP displays, interior decor, table covers, exhibition graphics and specialty print applications. Soft Knit is available as a Transfer or Direct-to-Fabric with an NFPA 701 FR rating.*

**Recommended processes - Transfer and DTF.**

**SOFT KNIT FEATURES & BENEFITS:**

**Sustainable**

*Fabrics made with CiCLO® fibers reduce plastic microfiber pollution in oceans and textile accumulation in landfills.*

**Wrinkle Resistant**

*Soft Knit's wrinkle resistant fabric holds its shape during the printing process.*

**Natural White Point**

*Provides consistent and reliable color reproductions from production lot to production lot.*

**Vivid Color Reproductions**

*100% polyester fabric provides the richest, longest lasting color reproductions, creating photographic quality prints.*

**Available in Direct to Fabric Finish**

*Customers can choose from a range of Soft Knit options to best meet the needs of your printing applications.*
